You can shove your cease-and-desist up your ass

Kate — I'm never going to stop until you're done. I will never ever ever ever stop

And it's not just me

Please refrain from the invective and name calling. It's unhelpful.

Not a Chance in Hell. We do every single step.  
I'm being harassed by 100 angles.

I'll not stop until I end this nonsense.  
Kate used to dress up in a Pregnancy Outfit and go and ask for Coathangers at Clinics.

Not kidding.  
She's done this harassing to at least 6 people- I have sworn statements from them.

She's being sued by another guy I know.  
I'll send you the evidence in discovery.

She's a bad person.  
Best of Luck  
I'll wait for your response to my complaint

Glad you're making \$\$\$\$ bud. Glad you only care about \$\$\$\$  
Think about it -- or why else would you represent a shithead like Kate?

Sad. Pathetic.

Not sure if you know this or not but your client made another video about me last night... An hour plus long... Just laughing and painting me in a negative light...lying. Crazy. Just sitting there lying and the lies can be proven.

I'm glad you grew up principled and you're doing the right thing

Lol. I'm not giving you the amended complaint until you respond to the original complaint

Wait till I send over Discovery. Wow. Its a BOOK of clear IIED, Slander and libel.

Benjamin

I hope that this email finds you well, if you are Benjamin and if you are actually representing Kate in court. I just don't know.

I have not received anything in the mail from you. I can't trust email. Before you and I can confirm... I have to receive a certified letter in the mail according to rule 5(b)

I am available at home here in Santa Monica... Which is a very scary thing to let your client know. People have come to my home. I have a video. They pulled up to me and said "Kate Always Wins". It was quite scary. We have filed a subpoena with the Florida DMV to get the license plate registered owner. I will be going after that person legally for stalking.

Maybe ask this person Kate that you decided to represent to NOT divulge my location at this moment so that I can have some sense of normalcy in my life AND be available to receive your meal. I'm not going to be home if I can't be sure that my safety isn't in jeopardy. Please confirm with your client to ensure that she's not going to reveal my location so that I can chill at home and wait for the mail to be sure that you are you and you are following federal rules procedure 5(b).

But Yeah— I would need the actual letter in the mail. It doesn't matter what you say on email, Kate has a Troll Mafia. This IS what they do.

I don't have electronical filing. So I'm not privy to what is posted there. I Dont Know. Sorry man.

Kate has destroyed my trust in my fellow man. I wish I could trust you; I can't. That's why we fall back to federal rules of procedure. 5(b)

After I get the service Benjamin, I hope that we can talk on the phone and have a decent conversation.

All my call are recorded. Every. Single. One. So, maybe we won't be able to speak. I Dont Know. You'll have to decide that.

I can promise you though that my journalistic endeavors do not include this. I could stipulate with you that I won't broadcast our discussion.

I am not interested in using this case as social media fodder. That's what your client does. That's exactly what she does. So while my call might be recorded, I'd be willing even to sign in agreement that I wouldn't broadcast the conversation.

I'm looking to work with you in good faith to have Kate remove every single video about me, make a full apology and then decide with the financial settlement will be moving forward for the next several years.

As soon as I know that you're the actual attorney on the record... And then you file a response. Then I'll send you my amended complaint. And the discovery that goes with my amended complaint. It's thick. She has done a lot of Stalking

and Hostinf stalking and LOL'ing about Stalking me. She calls me an "LOL-Cow". She laughs that me being stalked is a major problem for me.

Here's the bonus for you guys... Last night, someone identified her fake user handle in discord as being Kate from the Troll Mafia channel on YouTube. We really needed that to happen and it finally did. Super grateful

I really hope this someone of normalcy enters this conversation very soon. Your client is a deranged lunatic. She is already starting to defame, harass and attempt to destroy another person's life. She's already picked her target. She's already talked about it in her discord account.

If she had put the same focus into her children, she wouldn't of lost two of her sons.

Respectfully,  
Jose M DeCastro  
AKA LOL-Cow

Remember what my stipulations are to mediation or arbitration or anything of the kind.

1. Kate has to remove every single video about me. Any likeness, my voice, anything Hass to be removed
2. Kate has to say she's sorry and that she regrets what she has done.
3. An initial payment upfront and then a financial settlement moving forward in perpetuity including a percentage of her YouTube channel and all earnings is going to have to be established

Otherwise we're going to trial.

Still laughing, Katie?

Mr. DeCastro,

I have mailed my Notice of Appearance to you. I also emailed my Notice of Appearance to you at this email address. It is also available on Pacer.

I take your email below to mean that you're not willing to speak with me until you are in receipt of my notice of appearance by mail. Let me know if I have that wrong, though.

I also note that Massachusetts is a two-party consent state, and I do not consent to your recording me.

Please do let me know if you would like to speak about the basis for your contemplated motion.

Thank you.

Benjamin,

I apologize for the 3:30 in the morning email... I just realized.

After talking it over with my people, I'm afraid I can't discuss the motion with you because I still haven't received a letter of appearance from you.

I have to receive a letter from you in the mail. Federal rules of procedure 5(b)

I'm only including you on emails as a courtesy. Kate Peter, runs a troll mafia. They enjoy reading out loud personal court documents and if they can infiltrate, and disrupt, they will.

They can't really infiltrate a phone call if I was to call your office, though

I'm more than willing to jump on a call with you to work this out

Granted I will have counsel on the phone and also be recording the phone call.

I feel like it's always important to have counsel.

I have a sixth amendment right to be assisted by counsel, not led by counsel. There's a big difference between those two things. It's important that we use our rights in the way that they were originally intended.

...

I feel bad that we got off on the wrong foot because when you're being stalked everywhere you go, it really gets you in an emotional place sometimes. I'm really sorry. I'll admit that I've been emotionally volatile because of the vicarious positions that your client, or your so-called client, has put me in

Hopefully we can work some things out on the phone and have a little bit better understanding.

Although, I really can't get on the phone with you until I get served notice of your appearance; Rule 5(b). Trolls are really bad. Really really disrupt communications and make things difficult for everybody involved. It's terrible and it has to stop. I have to follow every little rule or I can really put myself in a dangerous position.

One of Kates trolls stalked me down last night and I had to physically defend myself. It was awful.

Video: <https://youtu.be/4hTNVdMTBo8>

Because time is important you could start this at one hour and 23 minutes exactly. 1:23:00

The Stalker starts off by saying, "Kate always wins". He came from the Hate channel that your client runs. Kate Is being sued.

Hopefully by Wednesday, I will have received your notice of appearance and we can officially talk

I do appreciate your time. I hope we can clear this up and be better friends. I'm a very loving, warm person. I'm sure you are too.

Sincerely,  
Jose M DeCastro
